PART IV

参考译文（今日头条·猴哥英语 版）：Cultural confidence is the most fundamental, profound, and enduring force driving the development of a nation and its people. A culture that promotes positive values and virtue serves as a vital bond that unites a nation and its people in shared destiny and common heritage. We educate and guide the public, especially young people, to better understand and embrace Chinese civilization, thereby strengthening our cultural confidence.

（注：另一整理版译文略有差异："A culture that promotes upward and outward goodness is an important bond that binds a country and a nation together with shared joy and sorrow and a common destiny. We should educate and guide the people, especially the youth, to better understand and identify with Chinese civilization and strengthen our cultural confidence."——以最终出版试卷为准。）
